

English

'The Iron Man' and 'An Explanation text of the Water Cycle'.

We will be exploring, reading and unpicking our new text, 'The Iron Man' whilst focusing on specific grammar skills: Fronted Adverbials, descriptive devices (similes and personification), commas in a list and compound sentences. These will help us to innovate our model text creating our own version of the Iron Man. Learning these features will allow us to firstly write a narrative and then an explanation text related to our topic.

Integrated Curriculum – World of Water.

Children will be learning all about Water; how it was used in the past, how we can take care of it and what we can do in the future to make sure more people have access to clean water. Children will be learning about states of matter, living things and electricity as part of our science curriculum. Within this unit, we will learn all about the Water Cycle and use this knowledge to understand how this can impact people all round the globe. We will also be exploring the United Kingdom, what it is made up of and key features with a focus on rivers. We will be having visits from Sevent Trent and the Canal and River Trust, who will deepen our understanding of these areas and the importance of keeping water clean.

RE – Leicestershire Agreed Syllabus. Throughout the Autumn term we will be exploring the questions, What does it mean to be a Hindu in Britain today? And What do Hindus believe God is like? During this term we will also be learning and exploring the celebration of Diwali and Christmas.

Maths

- Place Value
- Addition and Subtraction
- Multiplication and Division
- Area

Year 4 Autumn Term 2023

PSHE

We will be learning about health and relationships, with a focus on self-esteem and goal setting. We will also be learning about relationships, how to respect ourselves and others whilst considering the impact of our behavior choices.

Computing

Children will be learning all about the internet and audio editing. Esafety will run as a reminder throughout.

Times tables

Within Year 4 we have a strong focus on times tables due to our multiplication check in June. Within the Autumn term we will be revisiting times tables learnt in Year 3 (2,3,4,5,6,8 and 10) and learning 9's and 7's.

PE

- Basketball
- Invasion Games
- Gymnastics
- Swimming

Art

Within art children will be completing a water colour project relating to our topic and an Observational drawing.
