RE

What do religions say to use when life gets hard?

Integrated Curriculum

Discovery and Exploration

In geography, we will be learning about and identifying features of the globe such as lines of longitude and latitude, the tropics of Cancer and Capricorn and the Artic and Antarctic circles. We will also be learning to use 6-point grid references on maps.

We will also be learning about living things and their habitat. We will classify animals in different ways and look at the role of evolution and inheritance to discuss how animals are suited to the environment that they live.

English

The Titanic Detective Agency

Fiction: We will be writing be diary entry using a range of appropriate synonyms, figurative language, and dashes to mark clauses.

Non-fiction: We will be studying how to write a Newspaper report. We will learn about effective headlines and how to use quotes to give depth to our reports.

Over the term, we will continue to develop our understanding of a range of different punctuation and grammar skills and apply these into all written work.

PSHE

Our focus for this term is how the media can influence people.

Year 6

Spring Term 2022

Computing
